**Main Deck**

**Lower Deck**

- Regina is a 56 metre steel super schooner launched in February, 2011.

**Aft Deck**

**Forward Deck**

**Saloon**

**Saloon**

The centerpiece of the salon's interior decor is a beautiful snow white polished grand piano (Orla brand). The interior design has classical features and executed in clear mahogany wood, it is quite sophisticated and lends a certain sense of nostalgia, creating the perfect atmosphere for a fine dining experience.

The salon on the main deck offers a formal dining area with table for 12 and seating areas with two large custom-made sofas. There is another 3D LED TV here, with 140' screen. The famous artists' pictures and statues are showcased throughout the yacht just like an art gallery on water.

**Aft Master Stateroom**

**Separated Saloon**

**Master Stateroom** is full beamed and consists of a separated small salon with sofa and bedroom itself with a king-sized bed. There are two LED 82" TV (one in salon, another is in front of the bed), and spacious walk in dressing room. REGINA was built to be mistress of the seas. And though her interiors can be described as classic, the small but absolutely stunning details make them special and truly unforgettable. The bed-heads are emphasized by solid pieces of honey mousse onyx columns. The stone had been gently cut with the laser from the back side of each column where LED lighting was installed, so the immaculately.

**Walk-in wardrobe**

**Desk**

**Hall**

**Bow Master Stateroom**

The 2nd Master Stateroom is located on the front and a little bit smaller than the first. It also features a separate dressing room and onyx details.

**Twin Guest Cabin**

**Double Guest Cabin**

One twin and three double guest cabins are located on starboard and port sides. They are as comfortable as owner staterooms. All of them are fitted with Satellite TV, DVD and music system. Apart from air conditioning there is fresh air ventilation system installed in all enclosed spaces.

**Machinery & Sails**

**REGINA** is designed as a high performance, ocean going vessel, MCA compliant and super-equipped to meet the needs of a demanding charterer. For security reasons there is bilges high level, temperatures, pressures, machinery faults, burned out lamps, open portholes, etc. alarms on PLC monitoring computer system. REGINA is a sailing schooner with two masts and a strong standing rigging calculated by Christopher John Mitchell (AES Ltd). The steel hull is built both on vertical and longitudinal frames to ensure stiffness of the yacht under strong sea conditions.

**Galley**

**A large galley** is completely and seamlessly fitted with Simens equipment, including three ovens, from which the yacht's chef produces fine examples from the worlds' greatest cuisines.

**Crew's Quarters;** The crew area accommodated in entirely separate area of the yacht. There are four large and comfortable cabins for six members of the crew in the bow. The captain's cabin is separate and located alongside the engine room.
